January**

Step In, Step Up: Women's Insight To Banking

Step In, Step Up is an introductory programme designed to help you explore what it is like to work in Investment Banking. Throughout the programme, you will get to work as a team, develop your presentation skills and network with employees at all stages of their careers.

The two-day programme will include:

- Divisional overviews
- Case studies
- Panel sessions
- A trading floor tour
- Interactive workshops.

Dates: 14 – 15 February

Location: Morgan Stanley London Offices

Eligibility Requirements: Year 12/13 Students looking to learn about career opportunities in Investment Banking.

Application Deadline: Sunday 7th January, 23:59

Imperial College London Year 12 Levelling Up Programme

Levelling Up supports students with their Chemistry and Physics A-Levels and university applications during Years 12 and 13.

You'll take part in a range of online academic tutorials, sessions to support you in your transition to higher education, and additional activities hosted by Imperial and other participating universities and partners.

All tutorials and sessions will take place online throughout the 12-month programme, with an in-person launch event taking place on a Saturday at Imperial's South Kensington Campus.

Imperial College
London

Applications close: Thursday 11th January 2024

Kings College London Medicine and Dentistry Lecture Series 2024

Over the course of the lecture programme students will hear from a variety of speakers to help them make the best application to medicine or dentistry possible! Last year's lectures included the following:

- **Medical and dental specialities:** paediatrics, prosthodontics, renal transplant, maxillofacial and many more!
- **Q&A's each week with current medical and dental students.**
- **Support for the application process: UCAT, personal statements, and interviews.**
- **September Q&A with key admissions colleagues in the school of medicine** at KCL, UCL, St George's, Queen Mary, and Imperial.
- **A session on other careers in healthcare** with six professionals currently working and teaching in the sector (nursing, dietetics, clinical science, etc.)

Deadline to apply: Monday 15th January

University of Warwick – Introduction to Economics (free virtual event)

Find out more about what economics really is in an interactive session, **experience a taster lecture** from one of our academics, **hear from current economics students at Warwick** and ask your own questions to our alumnus James Low (Associate at Strategy&)

Date: Monday 29th January, 5:15 – 6:30pm

History Essay Competition

The competition is open to those who will be in years 12 or 13 during the 2023-24 academic year. Students who are, at this moment, in year 12 might consider writing the essay over the summer holidays.

Essay subject: Repression in pre-war Nazi Germany

The prize for the winner is £1,500 divided between the student and the school. The prizes for the second (£600) and third (£400) will be shared in the same way. Four to six entries will be highly commended, and students will receive £100 each. Another five to seven entries will be commended and receive a certificate.

**Deadline: 4th
February 2024**

Julia Anderson Training Programme

The training programme offers **paid work experience** to people who have no, or limited, prior work experience. Some of the workstreams previous trainees have worked on include mental health in young people, digital health, behavioural science & patient safety. Trainees develop the skills during a 12 weeks placement and receive mentorship, including interview and career advice.

As part of our training programme, we are organising an event on the **15th of February at 6pm at White City aimed exclusively at sixth formers in London**. We want to share some of our staff members' career journeys, the programme and give students a chance to interact with some of the fantastic workstreams we work on to improve people's health. They will also have the opportunity to have a chat with IGHI staff members and previous trainees and discuss the upcoming trainee roles (July 2024) which we will invite them to apply for.

**Imperial College
London**

Date: Thursday 15th February, 6 – 7:30pm

The two apprenticeship academies are:

- Data Apprentice Academy
- Microsoft Customer & Partner Solutions Apprentice Academy

Exploring Law Conference 2024 - CSFL

UNIVERSITY OF
CAMBRIDGE

The Exploring Law Conference gives Year 12 students who may be interested in studying Law at degree level a balanced view of Law, both as an academic subject and as a profession, and also to offer an **insight into life as a Cambridge undergraduate**.

The Conference is run by a voluntary committee of 7 current law undergraduates and relies on the support of the University of Cambridge's Law Faculty.

The 2024 Conference will be a **4 day in-person Conference**. The committee are working hard to bring as many students as possible into Cambridge for a residential experience which will aim to **offer students a taste of the study of Law**. The conference will run between **Monday 25th March and Thursday 28th March**.

This year the conference will cost **£155**. There are additionally **150 fully funded places for qualifying students**.

University of Cambridge Research Opportunity- The DEBAT Study

- We are emailing on behalf of the University of Cambridge's Diet and Eating Behaviours across Early Adulthood Transition (DEBEAT) study, which commenced in September 2023. We are looking to recruit final-year students aged 17-18 from schools and colleges across England to participate. This is an opportunity for students to participate in a university research study and learn more about healthy diets and eating behaviours.
- Eligible participants will be asked to complete seven short online questionnaires over 14 days through our two online systems, REDCap and Intake24, about their diet, behaviours and environments. Interested participants will first be directed to our webpage to ensure their understanding of the study and asked to complete a consent form. Once consented, participants will be asked to complete seven short (10-15 min) questionnaires over the next 14 days, all of which can be completed in their own time with no school involvement. Participants will also be asked to complete the same questionnaires 12 months later.
- We will share with the participating students all the research findings from the study in formats appropriate for this audience (e.g. online presentation, magazine article, animated video) and information on what we are doing with these findings. We will keep in touch throughout the study, allowing the students an insight into the research process. We will also offer these participants personalised feedback on their own diet in relation to the other participants in the study so they can understand how their diet might be influencing their health.
- **We will compensate the participating students for their time with up to £50 in Amazon vouchers if they complete all seven web-based questionnaires across the two time points.**
